It looks like there'll be well over 100 names on the ballot for the August Democratic primary and chances are there'll be about 10,000 registered voters to select county officers for the next four years.

Deadlines to file for the Aug. 8 primary is 5 p.m. Friday under the state law.

As of Wednesday morning 79 candidates for county offices had qualified with the Democratic executive committee while 13 more, running for the multi-county posts of state senator or representative, had signed the corrupt practices affidavit with Circuit Clerk Registrar Lamar Olin.

And as political fever hits high gear, a bumper crop of eight aspirants are making formal announcements of their candidacy in the Sea Coast Echo this week.

Two are announcing for the Post No. 1 post in the House of Representatives which Hancock shares with Pearl River County. They are Lonnie Smith, Piquette attorney who formerly was associated with Magnolia Title Co. here in the NASA-NSTP land acquisition work, and Sidney McRay Seal of Pearl River County who used to teach at Gulfview School at Lakehurst.

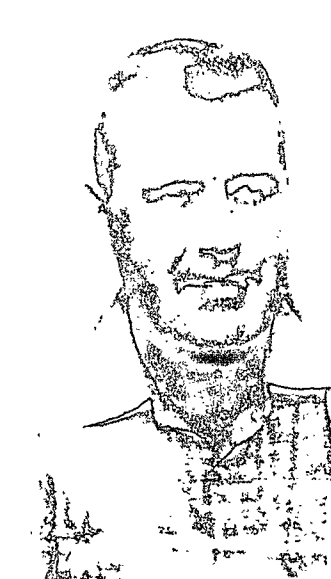

Ernest F. (Gator) Cuevas became the 15th man to file for sheriff and tax collector. A painter, he had made several previous bids for this office.

Eugene E. Ladner, who has taught in the Bay St. Louis school system for the last 10 years, became the first to announce for county superintendent of education. An Air Force veteran of the Korean conflict, he is a graduate of old Sallers High School, Pearl River Junior College and has a BS from the

Large firm eyes port; infab called with A&I

The letter of inquiry from William J. Boyle, Jr., president of Delta Marine Contractors, a division of Interior Contractors, Inc., was relayed to the board of supervisors Monday by J. Norton Haas, port and harbor clerk.

Boyle envisions an installation for covered fabrication of 10 barges at one time with a possibility of 35 in the future. It would employ about 120 men to start, perhaps going ultimately to 400, and would be known as Hancock Shipyard.

Initial cost, including buildings, tractors, launching ways, railroad cranes, overhead cranes, shop equipment, welding machines, burning equipment, etc., is about \$470,000. Delta Marine is presently manufacturing ship components for major shipyards in the country on both Navy and Maritime vessels. Before its investment in this machinery, the company could not undertake the initial cost of installing the barge facility, Boyle

explained. "However, if the state of Mississippi would finance the initial cost of the installation under a 25-year pay back basis, our firm would underwrite the investment, furnish the necessary working capital and know-how to operate this facility," he wrote.

Mass fabrication would be done on rolling dollies on the covered fabrication area would

Merit program chairman set for Waveland

Waveland has completed its initial self analysis in the 10 categories embraced by the Mississippi Merit Program sponsored by the Mississippi Economic Council. Mayor Garfield Ladner was appointed general chairman and the following are the chairmen for the 10 categories:

Blackledge; Co-chairmen; long range planning, Eli Abbott, Jr.; police and traffic, Fred Bourgeois; streets, Dominic K. Sonier; housing and construction, Albert Grass; fire prevention, Robert B. Lucas and municipal finance, C.O. Dufour.

The municipality was first interested in entering the project by Mrs. Frank Kiefer, secretary-manager of the chamber of commerce. Then Bob Pittman of the MEC met with the mayor and aldermen, before they decided to undertake the study of their progress.

Crosbys oppose land suit

Defendants in the eminent domain proceeding brought by Hancock County to obtain land needed for the county airport were served yesterday with a writ of prohibition in the matter by Circuit Judge Leslie B. Grant, who set 10 a.m. June 21 in Gulfport for hearing.

Bureau nixes beach road, county to fix

Another stumbling block fell in the way of repairs from Hurricane Betty's damage to the beachfront road over the weekend with word that the U.S. Bureau of Public Roads in Washington has disapproved Hancock County's request to increase the project cost from \$229,000 to \$409,900.

But on the advice of County Engineer George Wier, the board of supervisors Monday directed Wier to proceed with final plans for the job and ad-

vertise for bids. The idea is to use the federal emergency relief matching money for the \$229,000 job and county funds to take up the balance. Apparently that will make the county put up \$395,500 for the work.

Wier said this procedure was advised by the state aid division of the State Highway Commission as a result of Washington's rejection of more federal assistance.

At the engineer's suggestion, the supervisors also directed appeals for intervention in the matter from Senator John Stennis and Congressman William Colmer, as well as a request to State Highway Commissioner John D. Smith of the Southern district that he put more federal aid funds at Hancock's disposal to undertake the job.

Wier cautioned the supervisors that he still has to complete final plans for the project before it can be advertised for bids. There was no indication how long this may be.

B.L. Broome and Frank Smith of the highway department's district engineer's office explained that the bureau is unwilling to finance reconstruction of undamaged sections of the beach road with emergency relief funds. Broome gave Wier verbal assurance he would be as partial as possible to Hancock in the repair work.

G.M. Williams, director of engineering and operations for the bureau, noted the cost had been increased by extending the length of the project from 5.9 miles to 6.7. This was because the northeast end was extended from St. Charles Street to Sycamore Street in Bay St. Louis. He also cited increased by-provision for curb and gutter, a sidewalk and asphalt resurfacing of almost the entire project. All those items had been included in the original estimate of the bureau.

Supervisor Dolph Kellar explained that the county had been

School trustees hold secret meet

An executive session was the highlight of the regular meeting Monday of Trustees of Hancock County School System. They spent 46 minutes behind closed doors at the request of Trustee Charles Hill. The secret session apparently dealt with a docket amounting to \$2,179.55.

Earlier Superintendent of Education Robert Ladner had requested that this sum be transferred from 16th Section funds to the general school fund to pay bills. Hill had asked that this be postponed until the executive session was held.

At the conclusion of the executive session Hill proposed two resolutions, both of which were passed. One would require the secretary to prepare an agenda to be approved by them three days before the meeting. Hill's other motion would require the secretary to prepare and send to each member a quarterly report showing the status of each fund in relation to the budgeted amount. This report would also include for each fund a record of receipts and disbursements during the quarter.

After these two motions had been adopted, the board authorized the general fund to borrow

\$2,179.55 from the 16th section fund.

Trustees also voted to extend for two years the rental purchase agreement they have on a house owned by Troy Palmer at \$100 a month. For almost two years the house has been leased at \$100 a month which amount is applied against the purchase price of \$9,000. It is presently occupied by Leonard Fuller who is leaving the system. D.J. Martin, agriculture teacher, will occupy it as Fuller's departure.

The school board refused to change the policy against lending buses and turned down the request for one bus to be used by the Star program.

North Hancock Lions Club was given permission to hold its softball tournament June 5 through 10 on the North Central athletic field. The club was also authorized to hold a political rally at the school on July 8 with the understanding an area other than the athletic field be used. Already five gubernatorial candidates have said they would be present.

Jay-Jay Chevrolet-Bulch Co., Inc., Gulfport, was the low and successful bidder at \$6,595.94 for three Chevrolet

Della Russell, riding capemare at University of Southern Mississippi and daughter of U.S. District Judge and Mrs. Dan M. Russell, Jr., is Hancock County Chamber of Commerce's entry in Miss Hospitality contest of State Agricultural and Industrial Board July 27-29 at Biloxi. She'll compete with more than 100 girls from across state for title for assignment as Biloxi's leading saleswoman in coming year. Object of contest is to select attractive young Mississippi girl who best represents gracious, friendly—yet dignified—spirit of hospitality which has been traditional in Mississippi and South.

AMERICAN LEGION HOME
Bay St. Louis

BUYS SECOND TIME Willie Nicholson was so pleased with service on truck purchased from Gerry Lane in December that he returned to salesman John Gallagher when he needed another car.

I bought one of the first trucks that Gerry Lane Chevrolet sold in December. They told me of the service they intended to give. I have been told this before when someone was trying to sell me a car or truck. I work in construction and have traveled, bought cars and had cars serviced all over the country. I would like to say that Gerry Lane Chevrolet and John Gallagher are the only ones that have lived up to their promise. So much so that when I needed a second car that I bought from John and Gerry Lane Chevrolet.

led admits taking \$300 from wallet, draws probation

A 16-year-old Bay youth, who admitted to city police taking a wallet containing about \$300 from the home of Mrs. Edwin Ouburn on May 13, was placed on probation for 180 days by Youth Referee Michael Hoon at a hearing last Friday. He was released in custody of his parents.

The boy was taken into custody and questioned after the money was picked up by a neighbor who saw the boy hiding in the street. The offender was then turned over to Police Chief Lonnie Garrison and the wallet was found with all identification removed.

Mrs. Ouburn, a seamstress, did not report the loss until Sheriff Sylvan Lecher happened to go to her home to pick up some sewing and she told him of the burglary. He called Chief Garrison, and upon identification of the wallet, \$233 was returned to her.

Legion, Merchants win Dixie

American Legion and Merchants Bank wound up on top of the Dixie League double elimination tournament on Sunday after a hard week of play in both the boys and youth divisions.

Five trophies were awarded, two in the Boys division and three in the Youth division. In Boys division play Merchants Bank was undefeated and won the final over Jayco, 9-7. Runner-up and recipient of the third place trophy was the Richmond squad.

In the youth division the struggle between the American Legion and Faby Drug Store went all the way with each team leading one game before entering final action. Faby beat the Legion in the semi-final only to lose the last encounter, 16-6.

Chief umpire Mike Strong said a total of 18 games were played.

STOCK, PRICE AND DEAL influenced Mr. and Mrs. Eugene Ladner and daughter to purchase their new Malibu from Wally Wolcott at Gerry Lane Chevrolet.

We live in Necaise Crossing. Our daughter wanted a Chevrolet Malibu - we checked stock and prices in Piquette and Gallopport, we have been hearing some mighty good reports on the service that Gerry Lane Chevrolet is giving plus have heard their motto advertised "The only dealer who mends the ones we don't know about." They sure proved this to us. We found the car our daughter wanted, plus the price we could save money at.

ANNOUNCES FOR

Supervisor Beat 5

TO THE CITIZENS OF BEAT 1, 2, 3, 4 AND 5

OF THE SUPERVISOR'S DISTRICT OF HANCOCK COUNTY.

I wish to take this means of announcing my Candidacy for the Office of Board of Supervisor of Beat 5 to the People of Hancock County, Mississippi since all the People of Hancock County will Vote for the Office of Supervisor for Beat 1, Beat 2, Beat 3, Beat 4 and Beat 5, Hancock County, Mississippi.

This is the first time under the present constitution that a Candidate for the Office of Board of Supervisor must be from a particular Beat but all the People have a right to vote for the said Candidate from the respective Beat that he is to serve.

I am a Candidate for the Office of Beat 5 Supervisor's District but the People from Beat 1, Beat 2, Beat 3 and Beat 4 will also vote for the Candidate that is running for the Office of Beat 5 Supervisor's District.

The Board of Supervisors of Hancock County, Mississippi comprises 5 Members, one member from each Beat or District. They are called the Board of Supervisors of Hancock County, Mississippi.

The Office of Board of Supervisor is an important Office because it has great responsibilities and deals with the every day life of our people and the future of Hancock County. I recommend that every Voter be very careful in this election since it is important that each Member Elected for Beat 1, Beat 2, Beat 3, Beat 4 and Beat 5 have that necessary quality, ability and dedication to work with One Another for the good of All the People of Hancock County.

I was born and reared in Hancock County. I am 47 years old. I graduated from Dedeaux School in 1935, from St. Stanislaus in 1939, from Pearl River Junior College in 1941. I taught school at Aaron Academy and from there I entered the United States Army with services in the South Pacific. I entered the University of Mississippi to study Law in 1944 and left in the spring of 1947 to enter the race for the Office of State Senator. I was elected State Senator in 1947 and served in the Office of State Senator from 1948 to 1952. I did not run for re-election. I graduated as Attorney and Counselor at Law in 1948 and opened my Law Office. I have my Law Office in the Ladner Building at 124 Main Street, Bay Saint Louis, Mississippi. I own my Office Building where my Law Office is located. I have been practicing Law continuously for 19 years and dealing with the every day problems.

My wife, the former Bonnelle Price, and I own our own home at 404 de Montluzin Avenue, Bay Saint Louis, Mississippi. We have four children and all are in school here in Hancock County.

I served on the Hancock General Hospital Board of Trustees from 1961 to 1965. During my administration as President of the Board of Trustees of Hancock General Hospital, in 1964-1965, with the help of the other Trustees, the Administrator and the Doctors, We were able to institute a building program that built the new addition to Hancock General Hospital which helped to update our facilities.

In 1948 when I was State Senator, I helped to author and enact into law a law to re-stock the oyster beds that were destroyed in the 1947 Hurricane. I was also appointed on the Legislative Committee which had the authority to spend \$360,000.00 for that purpose. The Oyster Beds were re-stocked and today the Oyster Industry is thriving. I also helped to enact a law to make certain that the Sea Wall bonds would be paid and those bonds will be retired and paid off in the year of 1971. Until I was elected State Senator, Hancock County had never had a citizen from Hancock County appointed on the Mississippi Highway Patrol. I changed that situation and the first citizen of Hancock County was appointed upon my recommendation. I also helped to enact legislation that created the Motor Vehicle Comptroller. One of the Weighing Stations is located in Hancock County west of Bay Saint Louis. I had the first citizen from Hancock County appointed to a job in the Motor Vehicle Comptroller. That citizen has received several promotions and is still with the Department to this day.

In the Special Session of the Mississippi Legislature of 1949, as your Senator, I had placed in the State Highway System Road Bill the Front Beach Road that fronts in Hancock County, Mississippi, at the intersection of Engman Avenue with the Beach Highway and runs along the Beach Front in a southerly direction to the intersection of Lake Shore Highway, which said Lake Shore Highway connects with Highway No. 90.

Now, with the above thoughts in mind and for the consideration of the Voters of Hancock County, Mississippi at large, I hereby submit my Platform to You the People

1. I will as your Beat 5 Supervisor continue to maintain and upkeep the roads and bridges that is the duty of the Board of Supervisors of Beat 5 according to law as prescribed by law.

2. I will initiate and work to have an Industrial Board consisting of Seven Members and an Industrial Administrator. The Industrial Board and Industrial Administrator will be for the express purpose to sell Hancock County to the Industrialists so that they will come to Hancock County and establish Plants here in Hancock County. Under this plan in less than 3 to 4 years, Hancock County can have more than 250 to 300 new manufacturing jobs, that would not have come to Hancock County under any other conditions. This Board will work continuously to bring new jobs to Hancock County.

3. I will help to formulate a program for an equalization of Taxation for Hancock County as a whole.

4. I will help to work out a program for a Small Craft Harbor that Hancock County needs today. And for Bay Saint Louis and the Town of Waveland to participate jointly with Hancock County in this program. This can be done within 24 months to 36 months, at a cost of not more than \$250,000.00 to \$300,000.00.

(P.S. Pol. Act.)

5. I will initiate and work out a program to have Hancock County establish a Junior College herein Hancock County for the benefit of our young boys and young girls to continue to receive two more years of education with the opportunity for them to then go to a Senior College and complete their education. This can be done within 5 to 7 years and be a joint venture of Hancock County, the City of Bay Saint Louis and the Town of Waveland.

6. I will help to re-establish the Office of County Attorney that Hancock County needs so much at this time for the progress of Hancock County.

7. I stand for and will help and support to establish an Industrial Arts and Work Shop for our young men and young women who are not interested in securing a College Education but who want learn a Skilled Trade, also for those that are already in the Labor Force who wish to obtain a Skilled Trade and for our drop outs. This program can be placed in operation within 2 to 3 years. I will work for Bay Saint Louis and the Town of Waveland to join in this project that will be for the mutual benefit of all the people.

8. I will support a program for a Coliseum that will hold no less than 10,000 people at any one performance. I believe that it should be built on the Campus of the Junior College with the City of Bay Saint Louis and the Town of Waveland joining. It will take a Special Act of the Mississippi Legislature to permit such a program. I am willing to use my know how of 4 years as a Senator to get such Legislation passed for the benefit of Hancock County, Bay Saint Louis and the Town of Waveland. This program can be put into operation within 7 to 9 years.

9. I will definitely insist that Hancock County have an Assistant District Attorney that lives and votes in Hancock County and maintains his Office here in Hancock County, regardless of whoever is elected District Attorney since Hancock County helps to pay the salary of the Assistant District Attorney.

10. I will help to formulate and support a program that Hancock County get together with the City of Bay Saint Louis and the Town of Waveland to work out a program to help construct, improve and maintain the Streets and Roads.

11. I will initiate and if necessary use my know how of 4 years as a Senator in going to the State Legislature in Jackson, Mississippi to have legislation enacted into law so that Hancock County can have a County Court that will help to upgrade Hancock County and make our County more sophisticated.

12. I will advance the idea and make the Motion and support that the Board of Supervisors spread upon their Minutes an Order that the Board of Supervisors maintain an Office at the Court House for the People of Hancock County to be received and heard with their daily problems.

Now, I submit to you, the first thing for Hancock County to do is to make Hancock County competitive with the rest of the State for self respect. The County can not compete decisively unless it has the political leadership with the foresight to meet the issues of importance and the foremost issues of today are the ones as set out hereinabove.

I believe that my political philosophy is well known throughout Hancock County and is a symbol of political independence. If elected it will serve notice that we are going forward and no one can stop us until we have generated the opportunities and progress that will carry on, on its own momentum and as your Beat 5 Supervisor, the opportunity to serve for greater opportunities and progress will be even greater.

I have been from Coast to Coast and Border to Border in these United States of America and on Foreign Soils and I sincerely see the dire need for Political Leadership here in Hancock County if we are to progress in the right and proper directions. We are now on the threshold and the direction that we take in this election will definitely determine the future growth and the future development of our County which can and should be the show place of America. The People of Hancock County deserve to live and work in an atmosphere that is generated with opportunities and with progress. If I am elected your Supervisor of Beat 5 those things will be done. Hancock County needs members to be elected Supervisors who will have political leadership and fight to win Hancock County's battles as they present themselves. I have entered the Supervisors Race for Beat 5 to give Hancock County Voters a choice so that the People of Hancock County can go forward.

SUBMITTED TO YOU THE PEOPLE,

Cornelius J. Ladner

Candidate for Beat 5 Supervisor of Hancock County

I live in Waveland and have worked for the L.N. Railroad for the last 22 years. I have always wanted a truck but didn't think I could afford one. I went to the Chevrolet dealer looking for a used pick-up, my cousin Herb Baron showed me what I could buy a new truck for and I gladly accepted. HEARD ABOUT SERVICE - Mrs. Eric Larsen accepts keys to new Chevrolet from old friend, and their sales salesman, Fritz Peranich.

We bought our new Chevrolet from our old friend Fritz Peranich who has sold us several cars in the past and has always treated us fairly. Also many of our friends have told us about the service at Garry Lane Chevrolet. This certainly motivated us in choosing Garry Lane and Fritz Peranich as our salesman and dealership.

We are very pleased with our deal and believe their motto: The only deal we miss are the ones we don't know about.

**Rev. Dearing tells
vacation pastors**
Guest pastors are occupying
the pulpit for the next two
weeks at First Baptist Church
while Rev. John F. Dearing,
pastor, and his family are on
vacation.
Preaching at all services
last Sunday was Rev. L.W.
Knight, chaplain, USAF-ret.,
now a marriage counselor in
Gulfport. This coming Sunday,
Chaplain Norville Knight,
USAF, assigned to the Gulfport
Seabee base, will bring the
message for both services.
Mr. Dearing and family
left June 1 for Norfolk, Va., to
attend the graduation of their
daughter, Mary Kay, and to visit
with their son, David, and his
family. They are due back June
15.

**Brother Canisius
studies reading**
Brother Canisius, reading
coordinator for the elementary
grades at St. Stanislaus College,
will spend the first three weeks
of June studying and observing
the reading program of the Nut-
ley, N.J., public schools.
He will work with the read-
ing specialist of the junior high
department to get a first hand
knowledge of the methods and
techniques used in the reading
courses there.
During the last week of June
Brother will attend the psycho-
technic reading workshop held
annually in Philadelphia, Pa.,
on methods both in the remedial
and developmental fields.

SHOPPED SIX DEALERS - John Koshak talked to
six dealers before buying from salesman Herb Barn
at Gerry Lane Chevrolet.
I started shopping a long time ago. Six dealers have
promised they would make me a good deal. Only one lived
up to their promise, that of course was Gerry Lane Chevrolet.
I work at the Test Facility and commute daily from Long
Beach. I have to have dependable economical transportation,
this is Chevrolet to me as the car I kept for a second car has
130,000 miles on it and has never been overhauled. In my
way of thinking, there just isn't another car like Chevrolet.
